

INDUSTRIAL PRODUCTS CLAMSHELL BUCKETS

PIERCE

A large, dark, heavy-duty clamshell bucket is being lifted by an orange excavator arm. The bucket is filled with a light-colored, granular material, possibly sand or gravel. The excavator arm is on the left side of the frame, and the bucket is in the center. The background shows a construction site with trees and a cloudy sky.

CLAMSHELL BUCKETS

GRAB THE
BULK
OF THE JOB.

IT'S ALL
IN A DAY'S
WORK.

Loading and handling bulk material is gritty, rigorous work that can put a world of hurt on your equipment. Pierce clamshell buckets have the muscle you need to power through all of it... safely, reliably and profitably.

HERE'S THE SCOOP ON OUR CLAMSHELL BUCKETS.

FEATURES:

- High-strength materials reduce unnecessary weight.
- A514 steel main frame.
- Powered 360° continuous rotation.
- Wear-resistant bucket surfaces with cutting edges.
- Heavy-duty bearing and rotate motor.
- Oversized pins and aluminum bronze bushings.
- Completely protected hydraulics.
- (4) high pressure cylinders.
- Clamshell-to-link pin.

OPTIONAL:

- Y - links.
- Knock-about and non-rotating.

BUCKETS SUITED FOR LIGHTWEIGHT MATERIAL (LESS THAN 1,800# YD³) AVAILABLE UPON REQUEST.
BUCKETS IN HEAVY-DUTY DIGGING CONFIGURATION AVAILABLE UPON REQUEST.

PIERCE

In-house design team: check. Comprehensive manufacturing capabilities: check. Product testing and certification, technical support, and convenient distribution centers throughout North America: check, check, and check. With so much to offer, we're ideally positioned to provide complete solutions for all of your business needs. From ordinary to extraordinary.

As a leading designer and manufacturer of hydraulic excavator attachments and work tools, Pierce has built a solid reputation for providing reliable, high performance products that are designed to keep pace with changing industry conditions – and one step ahead of emerging technologies.

Our position as a direct supplier for many of the world's leading equipment providers has enabled us to become experts in client collaboration, managing specific application parameters, and maintaining the highest quality standards for a variety of markets. Even if your needs call for a customized solution that doesn't currently exist, you can count us to make it happen – and make it happen right. Imagine that.
