## COUNTERWEIGHT

Our heavy counterweights provide exceptional stability, particularly when working over the side of the machine. Purpose-built to also reduce loading on the swing bearing, this option is ideal for the rigors of heavy long reach, demolition, scrap, and material handling applications.

Available configurations:

- Top mount
- Undermount
- Top & undermount
- Sandwich
- Backpack

Pierce collaborates closely with the excavator OEM in order to provide the appropriate and approved counterweight amount for each machine.

## WIDENED UNDERCARRIAGE

Pierce's widened carbody provides the over-the-side stability you need to handle heavy loads. It's engineered to stabilize your excavator while equalizing lift capacity throughout the entire 360° swing motion.

### FIXED UNDERCARRIAGE

### VARIABLE GAUGE UNDERCARRIAGE

## TURNTABLE LEVELER

The unique design of Pierce's turntable levelers offer 8.5° articulation in both directions (left/right) for optimum flexibility on side slopes. Available for machines ranging from 17-23 metric tons.

OPTIONAL:

- Foot pedal or joystick control.

## RISER RINGS

- Available 1'-4'.
- Additional working height for high-sided barges.
- Additional ground clearance.
- Improved operator sightlines.

## PIERCE

In-house design team: check. Comprehensive manufacturing capabilities: check. Product testing and certification, technical support, and convenient distribution centers throughout North America: check, check, and check. With so much to offer, we're ideally positioned to provide complete solutions for all of your business needs. From ordinary to extraordinary.

As a leading designer and manufacturer of hydraulic excavator attachments and work tools, Pierce has built a solid reputation for providing reliable, high performance products that are designed to keep pace with changing industry conditions – and one step ahead of emerging technologies.

Our position as a direct supplier for many of the world's leading equipment providers has enabled us to become experts in client collaboration, managing specific application parameters, and maintaining the highest quality standards for a variety of markets. Even if your needs call for a customized solution that doesn't currently exist, you can count us to make it happen – and make it happen right. Imagine that.
